Sanitize with Light™

Proven in Hospitals - Now Available for Home

Patented Chemical-Free Cleaning

PurLite Home is an all-in-one sterilization system backed by patented technology which makes it extremely effective. PurLite Home's unique bristled loading door has special brushes which remove dust particles which is a key element to the process as dust will decrease efficacy in the sterilization process. Also unique to PurLite Home is our PurLite Exposure Cartridge which cradles the object in the perfect position for optimal 360-degree UV-C sanitizing coverage!

Proven Lab Results

Significant lab testing proved that PurLite Home eliminated 99.9% of Escherichia coli, Salmonella typhimurium, Staphylococcus aureus, and Candida albicans on glass and rubberized surfaces after only 30-seconds inside PurLite Home

PurLite Home is the world's most powerful UV-C cleaner on the market. We have been able to take the power of UV-C light and create a complete sanitizing solution that you can use in any room of your home with a variety of personal products from mobile phones to baby pacifiers!

US Patent No. 9,265,849 - with other Patents Pending
EPA Company No. 94464

PRODUCT	
PurLite Unit Size	12" x 6"x 4.5"
PurLite Unit Weight	2.85 lbs.
Capacity	3"x10.5"x4.25"
Internal Cartridge Size	10"x2.75"x3.75"
BULBS	
Two UVC Germicidal Bulbs	
ELECTRICAL	
Power Usage	120 V/60 Hz
Watts	36
PACKAGING	
Package size:	16.25"x8"x8"
Package weight	4 lbs.

PRODUCT CODES	**MODEL**
PurLite Home – White	PL300W
PurLite Home – Gray	PL300G
Adaptor Replacement	PLAR
Bulbs/Cradle Replacement	PLBBR

MASTER CARTON:	
4 units/master carton	17.75x17.25x18.25
Weight	21.6 lbs.
PALLET	
Standard Pallet Size	48"x42"
Holds 16 master cartons	
Weight	345.6 lbs.
